| <b>Pacing (2-1-1-2):</b> <input checked="" type="checkbox"/> On plan <input type="checkbox"/> Ahead <input type="checkbox"/> Behind<br><b>Weeks ahead / behind:</b> 0 <b>Week / lesson:</b> Week 8 / Lesson 2 of 2 |                                   | <b>Starting point (2-2-1-3):</b> What did my last check (quiz, exit ticket, homework) show — and what am I changing today because of it?<br>Videos submitted by ~85%; keyframes and export modes understood by most. Today's assessment checks all Unit 2 outcomes; extra time for SEN. |                                  |                                             |

## 1 OUTCOMES — What must students learn?

**Desired learning outcome(s)** — trace to the curriculum / standard and the table of specifications (ToS)

Assess Unit 2: selection tools, filters, colour tools, repair tools (GIMP) and OpenShot profiles, effects and export, through a written quiz and a practical task aligned to the ToS. Sprint 2.1-2.3.

**Success criteria** — what will successful learning look / sound like?

I answer MCQ, fill-in and matching items accurately; I complete a practical GIMP task to the given specification; I reflect honestly on my Unit 2 progress.

**Key knowledge / skill / understanding:**

All Unit 2 vocabulary: border, filters, jagged, pattern, brush stroke, compress, time-lapse, keyframe.

**Likely misconception / access or challenge need:**

Rushing the practical without reading the spec; EAL students: read questions aloud if needed.

## 2 PROOF — What will students do to show they have learned it? Three activities, each with a DIFFERENT strategy, resource and evidence tool. Then tick the Coverage Check on page 2.

| ACTIVITY 1 student task + evidence of learning                                                                                                                                                                                                                                                                   | ACTIVITY 2 student task + evidence of learning                                                                                                                                                                                                                                                                                     | ACTIVITY 3 student task + evidence of learning                                                                                                                                                                                                                                                                                  |

| <b>Support (low performers / SEN):</b><br>Read-aloud option; glossary allowed for EAL; +10% time for SEN.                                                                                                                                                                                                        | <b>Support (low performers / SEN):</b><br>Simplified spec with checklist ticks.                                                                                                                                                                                                                                                    | <b>Support (low performers / SEN):</b><br>Smiley-face scale + short phrases.                                                                                                                                                                                                                                                    |
| <b>Stretch (fast learners / gifted):</b><br>Extended answer: compare two background-removal methods.                                                                                                                                                                                                             | <b>Stretch (fast learners / gifted):</b><br>Add a clone repair and a fuzzy border; justify choices in 2 lines.                                                                                                                                                                                                                     | <b>Stretch (fast learners / gifted):</b><br>Write a personal learning goal (ISTE 1.a).                                                                                                                                                                                                                                          |

### 3 PREPARE — What do I need to do so students can succeed?

#### Set students up to succeed:

- ☒ Hook / prior learning   ☒ Explain or model   ☒ Success criteria shared
- ☒ Key vocabulary / examples   ☒ Real-life connection   ☒ Clear instructions / resources
- ☒ Praise, recognition and reinforcement planned

#### My setup / modelling: Time: 4 min

Clear instructions: timing, rules for practical, where to save (Assessments folder, file name Class\_Name\_U2). Read through the rubric and success criteria. Remind students to check spelling of file names. No modelling; quick reassurance for anxious learners.

#### What is new or innovative in this lesson? (ETEC looks for this)

Assessment combines a digital auto-marked quiz with a practical rubric and student self-assessment, giving 3 types of evidence.

#### Progress recorded / shared:

- ☒ Gradebook   ☒ Parents   ☒ Written feedback in notebook / portfolio

### 4 RESPOND — What will I do with what I see and hear?

#### If students struggle or finish early I will:

- ☒ Re-teach   ☒ Regroup   ☒ Give extra support
- ☒ Stretch   ☒ Have students redo / improve

#### What I will watch for / likely responses:

Students stuck on export; students opening the internet for answers; anxiety among new students - circulate calmly, read questions aloud on request, keep extra time for SEN plan.

#### Close / exit check (summative + time for learners' questions) Time: 4 min

Collect files; quick 1-minute check that every file is saved correctly. Learners' questions about next unit (Game Interface).

#### Homework / platform (e.g. Madrasati)

Madrasati: preview Unit 3 - install VS Code at home if possible (QR yCJk) and bring 1 idea for a simple web game.

### 5 REFLECT — After the lesson *Complete within a day. This is reflective-practice evidence and feeds your next Starting point.*

#### What worked — and how do I know?

Quiz average approx. 76%; practical rubric average level 3. Self-assessment matched teacher marks for most students - they know their gaps.

#### What will I change next time?

Practical spec was long for EAL learners: use bullet icons next time. Allow 5 more minutes for the practical.

#### Students needing follow-up:

Students below 50% (approx. 2-3 per class) for re-teach of selection tools; inform parents via gradebook comment.

### COVERAGE CHECK *Tick where each must-have happens (1 · 2 · 3 = activity, C = close, H = homework). An empty box is a gap to fix before teaching. Literacy and numeracy apply in every subject.*

| Literacy<br>read + write · 2-1-1-6                                                                                                                | Numeracy<br>numbers / data · 2-1-1-6                                                                                                              | Digital<br>students use it · 2-1-1-4                                                                                                                                    | Digital research<br>trusted sources · 2-1-1-4                                                                                                     | Real-life ①<br>application · 2-1-1-5                                                                                                              | Real-life ②<br>application · 2-1-1-5                                                                                                              | Inquiry<br>experiment / research · 2-1-1-7                                                                                                                              | Thinking<br>problem-solving · 2-1-1-7                                                                                                                                   |
